Re: EX PARTE NOTICE – DIGITAL MUST CARRY AND PUBLIC  
INTEREST OBLIGATIONS OF TV BROADCAST LICENSEES  
CS DOCKET NO. 98-120 AND MM DOCKET NO. 99-360

Dear Ms. Dortch:

Pursuant to Section 1.1206 of the FCC's Rules, this will report that on January 31, 2005, the undersigned met with Jon Cody, legal advisor to Chairman Michael K. Powell to discuss the Commission's pending consideration of multicast must carry and public interest obligations for digital television broadcasters. In my conversation with Mr. Cody, I noted the importance to the viewing public of full digital multicast must carry for broadcasters and the need for the FCC to simultaneously resolve the pending dockets relating to must carry and digital broadcasters public interest obligations. I urged the Chairman to seek FCC action on both matters and discussed the timing of such Commission action but also urged the Chairman to make the right decision in both dockets and to avoid the repetition of the Commission's unfortunate actions in January, 2001. I pointed out that Paxson Communications Corporation was a strong supporter not only of full digital multicast must carry but also of the obligations of digital broadcasters to operate pursuant to certain public interest programming requirements and that we had urged the Commission to adopt a Public Interest Code of Conduct.

Sincerely,

Dean M. Goodman  
President and Chief Operating Officer  
Paxson Communications Corporation
